OVERVIEW

SALES TAX

Sales tax is imposed pursuant to [Chapter 144, RSMo](#), on the purchase price of tangible personal property and certain taxable services sold at retail. All sales of tangible personal property and taxable services are generally presumed taxable unless specifically exempted by law. Each business is assigned a jurisdiction code to be a unique code encompassing a city (if business is within city limits), county, and any applicable districts to identify the correct sales tax rate. Persons/Businesses making retail sales collect the sales tax from the purchaser and remit the tax to the Department of Revenue. The state sales tax rate is 4.225%, which is distributed into four funds:

- General Revenue (3%);
- Conservation (0.125%);
- Education (1%); and
- Parks/Soils (0.10%).

Cities, counties, and certain districts may also impose local sales tax; therefore, the amount of tax businesses collect from the purchaser depends on the combined state and local rate and the location of the seller. Special taxing districts (such as fire districts) may also impose additional sales tax. Generally, the Department of Revenue collects and distributes only state and local (city, county, and district) sales tax.

The seller remits state and local sales tax together to the Department of Revenue, who in turn, distributes the local sales tax to the cities, counties, and districts.

USE TAX

Use tax is imposed on the storage, use or consumption of tangible personal property in this state. The state use tax rate is 4.225%. Cities and counties may impose an additional local use tax. The amount of use tax due on a transaction depends on the combined (local and state) use tax rate in effect at the Missouri location where the tangible personal property is stored, used or consumed. Local use taxes are distributed in the same manner as sales taxes.

Unlike sales tax, which requires a sale at retail in Missouri, use tax is imposed directly upon the person that stores, uses, or consumes tangible personal property in Missouri. Use tax does not apply if the purchase is from a Missouri retailer and subject to Missouri sales tax.

If an out-of-state seller does not have nexus in Missouri and is not required to collect use tax from the purchaser, the purchaser is responsible for remitting the use tax to Missouri. A purchaser is required to file a use tax return if the cumulative purchases subject to use tax exceed two thousand dollars in a calendar year.

Cities, counties, and certain types of districts may also impose local use tax. **However, the rate of local use tax may equal the local sales tax rate currently in effect and imposed by that city, county, or district, if applicable by statute.**

TAX DISTRIBUTION

IMPACT

Each business location is assigned a city code (if the business is inside city limits), a county code to identify the correct sales tax rate, and a code that represents all applicable districts.

- One percent of all local tax money is deposited to the State’s General Revenue Fund for collection costs.
- All local sales/use or district tax collected by the Department of Revenue is distributed by the 10th day of the month following the month in which the tax return is processed.
- Various factors such as a business’ filing frequency and due dates will affect the size of each distribution.

Providing better service with less expense to cities and counties, the Department of Revenue sends sales, use, and district tax distribution monies via Automated Clearing House (ACH) transfer. In the event a bank is a nonparticipating bank (cannot accept the ACH transfer), a letter must be provided from the non-participating bank indicating such. Under these circumstances, the Department of Revenue will wire transfer sales, use, and district tax distribution monies.

Each month, transactions occur which will impact local distribution. These transactions may positively or negatively effect distribution, as illustrated in the chart below:

RESULTS IN:	TRANSACTIONS:
POSITIVE DISTRIBUTION	<ul style="list-style-type: none"> • Original or amended sales/use tax return(s) from taxpayer; • Payment of balance due submitted from a return or delinquent account; • Bond applied to a return or delinquent account; • Amended return filed to correct an invalid location (Example: Location moved from outside to inside city limits); • Tax returns processed as a result of audit findings, resulting in an additional amount due; or • Amended return filed to change previously reported use tax to sales tax.
NEGATIVE DISTRIBUTION	<ul style="list-style-type: none"> • Amended return filed: <ul style="list-style-type: none"> - With valid exemption claims (i.e. farmers, resale, manufacturer); - For sales to non-profit organizations; - Correcting an invalid location (location inside city moved to outside or another city); or - To change sales tax to use tax. • Return processed as a result of audit findings, resulting in a refund. • Statutorily imposed fines against a political subdivision.

ANNUAL POLITICAL SUBDIVISION FINANCIAL REPORTS

[Section 105.145, RSMo](#), requires certain political subdivisions to file a financial report with the State Auditor’s office in compliance with [15 CSR 40-3.030](#). Effective August 28, 2017, the State Auditor’s Office must notify the Missouri Department of Revenue if a political subdivision fails to file a timely financial statement. Failure to timely file a financial statement may subject the political subdivision to a fine of \$500 per day. The Department may collect the fine authorized under this statute by offsetting any sales or use tax distributions due to the political subdivision.

TAX DISTRIBUTION

DISTRIBUTION FLOW CHART

- Retailers/businesses are required to file sales/use tax returns monthly, quarterly, or on an annual basis, depending on the amount of tax collected and remitted.
- Effective January 1, 2022 all returns are due on or by the last day of the following month. When the due date falls on a Saturday, Sunday or state of Missouri holiday, the return is due the next business day.

The following example demonstrates how due date's impact distribution:

- December returns are due from taxpayers by January 31st with the majority of returns received and processed by the Department of Revenue in February for March distribution.

The following chart illustrates the distribution process:

DISTRIBUTION TERMS

- **Political Subdivision:** a city, county, or district with a unique taxing jurisdiction.
- **Political Subdivision Number/Code:** Each political subdivision that has had a tax imposed will have a unique 8-digit code assigned for their distribution account. This account is separate from any account with a MOID. The political subdivision numbers for districts will include letters.
- **MOID:** The 8-digit Missouri tax identification number issued by the Missouri Department of Revenue. A business uses their unique MOID when filing sale and use tax returns.
- **Sales Tax:** A tax imposed on the purchase price of tangible personal property and certain taxable services sold at retail in the State of Missouri.
- **Use Tax:**
 - o **Vendor's Use Tax:** Tax on sales made by out-of-state vendors where goods are shipped into Missouri and vendor has no physical presence within the state of Missouri.
 - o **Consumer's Use Tax:** Tax on the storage, use, or consumption of tangible personal property in the State of Missouri where tax was not paid on the purchase of the items. A purchaser is required to file a use tax return if the cumulative purchases subject to tax exceed \$2,000 in a calendar year.
- **Distribution:** Money received by a county/city/district that reflects the local sales and use tax collections by businesses on behalf of the political subdivision for the month.
- **Distribution Period:** A distribution period reflects all posted and adjusted sales and use tax returns during that month. At the first of each month the Department will distribute local taxes collected back to the applicable political subdivision for the prior month's distribution period.
 - o Example: January 2024 Distribution period includes returns posted with payment and any return adjustments made during the period of January 1 through January 31, 2024. Distribution of local taxes collected during this period would be completed by February 7, 2024.
- **Jurisdiction Code:** The 15-digit code that identifies the county, city, district, and item code for a location. The first five digits designate the city, the next three digits represent the county, then the next three will indicate applicable districts, and the last four are the item code. If the city code is 00000, this indicates the location is not in an incorporated city limit. You may access the Department's website to find a full list of political subdivisions and their corresponding jurisdiction codes, [Sales/Use Tax Rate Tables](#). FINANCIAL INSTITUTION TAX

Annually, banks and other financial institutions pay a 4.48% tax on net income to the Department of Revenue.

Pursuant to [Sections 148.080 and 148.670, RSMo](#), the total amount of tax collected, less a two percent collection fee, is returned to the county treasurer of the county in which the financial institution is located. A statement of the exact amount due each political subdivision of the county is submitted with this payment. Political subdivision includes any sewer, fire, library, or ambulance district etc. that had a property tax rate levy.

A “group combo” is the specific combination of political subdivisions in which each financial institution is located. The amount due each political subdivision is determined by applying the local property tax levy to the total property tax levy for the “combo” area.

This distribution occurs annually, in December, with interest earned in the fund over the year distributed in January.

ENSURING TAX COMPLIANCE

LOCAL LICENSE RENEWAL

It is in local government or district's best interest to properly identify the businesses in their area. If the business is not registered inside the jurisdiction, the city or county will not receive the proper amount of sales tax revenue.

- Verify the information on the Department of Revenue issued sales tax license is correct prior to issuing a merchant's or occupational license.
 - A city or county may require a new business to provide a copy of its retail sales tax license to verify the correct tax identification number and location.
 - Requiring the business to provide a tax number is not sufficient because the business may have a valid tax number, but not have a location registered in the political subdivision. See the sample Missouri Retail Sales License.
- Notify both the business and the Department of Revenue if a city or county discovers a business is not registered within their political subdivision.
 - When notifying the Department of Revenue, include the name of the business, Missouri Tax ID number, street address, mailing address, and correct taxing jurisdiction of the business.
 - Send this information to:
Taxation Division
Business Tax Registration
P.O. Box 3300
Jefferson City, MO 65105-3300
Fax (573) 522-1722
- State law, [Section 144.083, RSMo](#), requires businesses to demonstrate they are compliant with state sales and withholding tax laws before they can receive or obtain certain licenses that are required to conduct business in the state. In other words, a business must show that it has "No Tax Due". Cities or counties can verify whether a business is tax compliant, before issuing or renewing a business license. A No Tax Due may be obtained at <https://mytax.mo.gov> or call (573) 751-9268.

Note: A business that makes NO retail sales is NOT required by [Section 144.083, RSMo](#), to present a Certificate of No Tax Due in order to obtain or renew its license.

The Department is committed to making this requirement as easy as possible for political subdivisions. Obtaining a statement of No Tax Due is simple and quick, and it's a free service. The Department has made access to the online No Tax Due System through a secure portal, MyTax Missouri. You may log onto the My Tax Missouri portal at <https://mytax.mo.gov> and sign up for access as a Government User. Once online access has been requested you must complete Form 4379A and submit to the Department. We will validate the information provided on the form and grant access requested to the No Tax Due System.
